Verskeie klagtes is ontvang vanaf inwoners oor sekere kragopwekkers wat 'n steurnis veroorsaak en as hinderlik beskou word.

Voorbeeld van 'n klankdigte kragopwekker boks.

Graag wil ons net u aandag vestig op ons Gedragsreëls vir Eienaars en Inwoners, Paragraaf 18, en moet inwoners die volgende nakom:

1. Daar moet 'n Sertifikaat van Voldoening by die HEV ingedien word.

18.5. Alle kragopwekkers moet korrek en deur 'n gekwalifiseerde persoon geïnstalleer word wie 'n sertifikaat van voldoening moet uitreik dat die kragopwekker korrek geïnstalleer is.

2. Kragopwekkers moet in 'n klankdigte kragopwekker boks geplaas word.

18.4. Die huiseienaar moet 'n voorstel indien van hoe die kragopwekker klankdig gemaak sal word en 'n onderneming gee dat die geraasvlakke nagekom sal word.

Inwoners moet kennis neem dat die installasie van kragopwekkers eers na die Estetiese Komitee verwys moet word.

Kaggelvuur, sop, sjerrie en bredie – die winter is hier! Sjerrie is 'n klassieke wyn wat al honderde jare bestaan, maar wat onlangs hernieuwe belangstelling onder mense van alle ouderdomme ontvang en op nuwe en vindingryke maniere waardeer word. Sjerrie is nie net wonderlik om te drink nie - dit het hope potensiaal as 'n skemerkelkiebestanddeel en meer, wat dit 'n wonderlike opsie maak vir winter vieringe. Hier is die beste gebruike:

- Sjerrie is 'n goeie keuse as 'n bestanddeel om vleis te glasuur nadat dit in die pan geseël is.
- Om sop en bredies op te helder – net 'n skeut sjerrie voor opdiening kan 'n lekker skop gee aan romerige soppe.
- Voeg dit by jou Béchamel (witsous) – dit geur ook kaassouse perfek.

GENERATORS

Several residents have complained about generators that disturb the peace in their neighbourhood.

Example of a soundproof generator box.

We wish to draw your attention to our Code of Rules for Owners and Residents, Paragraph 18, and residents must adhere to the following:

1. Residents must submit a Certificate of Compliance to the HOA.

18.5. All generators installed must be correctly installed by a qualified installer who must issue a certificate of compliance that it has been installed correctly.

2. Generators must be placed in a soundproof generator box.

18.4. A homeowner must supply a proposal as to how the generator will be soundproofed and give a commitment that the proposed noise level will be adhered to.

Please note: Generators must be approved by the Aesthetic Committee before they can be installed.

Soup, sherry, stew, and a fireplace – winter is here! Sherry has been around for hundreds of years, but has recently gained renewed interest with creative new uses. Sherry isn't just great for sipping – it has loads of potential as a cocktail ingredient and more, so it's a great choice for winter celebrations. Here are its best uses:

- To deglaze a pan – after searing meats, sherry is an excellent choice for deglazing the pan.
- To brighten soups and stews – just a splash of sherry right before serving can give a nice kick to cream and broth-based soups.
- Add it to your Béchamel (whitesauce) – it also flavours cheese sauces perfectly.

The Voice of Winter

The forest moans and groans and creaks.
 Sparrows chitter, chatter, twitter—
 that's the way that winter speaks.

Snowflakes whisper on my cheeks
 as quaking aspen sssshhhh and flitter.
 The forest moans and groans and creaks.

In the hush, a squirrel squeaks.
 Then scurble...pause...a hurried skitter.
 That's the way that winter speaks.

with scratching claws and snatching beaks.
 Branches click. They knit and jitter,
 as the forest moans and creaks.

By the stream, a rabbit peeks
 at ice that's crack and crunch and glitter.
 That's the way that winter speaks.

Coldness creeps and slinks and sneaks,
 with a voice like metal, sharp and bitter.
 The forest moans and groans and creaks.
 That's the way that winter speaks.
